Description

Stone house with 4 bedrooms about 6km from the river Zêzere.

This house is situated in a small village where there are cafes, mini markets, ATMs etc. The Village of Figueiró dos Vinhos is about 10km away, there you can find everything else you need for your day to day life, such as banks, health center, schools, restaurants, supermarkets, etc. As well as quick and easy road connections to all directions in Portugal.

The house is divided into ground floor, first floor and attic.

-The ground floor is occupied by a large central garage, which can fit a caravan, for example, or several cars and another independent space that currently works as a storage space. On the outside but attached, there is another independent garage with space for 2 more cars. These spaces can be reused and redesigned internally for other functions according to the individual needs or projects of each person. In the most central garage there is a staircase which allows interior access to the first floor.

The first floor is divided into:

-4 bedrooms.

-A panoramic living room.

-A kitchen.

-A bathroom.

-Access ladder to the attic.

This area of □□□□ house is ready to live in, but needs some modernization, especially the kitchen area, where there is a fireplace

with wood oven, ancient and traditional style, but it must be renovated to make it more modern and functional with current equipment.

We highlight the panoramic living room, glazed all around , with great views of the beautiful outdoor landscape, and with a lot of sunlight. A great space to enjoy the tranquility and relax reading or having tea for example.

The 4 bedrooms are spacious enough, but if you don't need them all, you can always tear down the interior walls that separate them and create 2 or 3 larger bedrooms instead.

The bathroom is also spacious, but will benefit from some renovation and redecoration using new and more modern equipment.

The floors and ceilings are in wood, which is in good condition and cared for.

Through an interior staircase we reach the Attic, which is completely wide and tall. This space can be renovated and reused as desired.

Outside there is a large, beautiful well-kept garden, with a wide diversity of plants and flowers. In one of the nooks there is a very private area with a small barbecue, and social space where you can enjoy great times with friends and family.

The property includes a large flat plot of land with an independent gate. At the top there is a well with spring water, used to water the garden.

The views of the mountains in front are stunning, it is well worth enjoying all this beauty around us.

This is an excellent opportunity for those looking for a ready-to-live home, where you can still add your personal touch in a wonderful location, very close to the beautiful River Zêzere. Dare to dream.
