Ruin for restoration with almost 5000 square meters of land near Vila Nova de Poiares in Central Portugal.

This ruin has the potential to become a large family home with beautiful thick stone walls, a good start for a lovely traditional stone house, set in a small village close to Vila Nova de Poiares with all amenities including builders merchants, wood yard, bank supermarkets and doctors surgery.

The flat land backs onto a forest and is ample grounds for paddocks or growing vegetables or to make a landscaped garden, also a well is located on the grounds and would be ideal for irrigation and in aiding the restoration project.

The original house had 8 divisions 2 photos are included to show what it was, which included a wine cellar large living area, and upstairs a bathroom, bedrooms and kitchen, there was a veranda looking into the enclosed courtyard below and could be with the right mind set restored to its former glory.
