Two magical land plots, water mine, views in Pedrogao Grande

These two land plots are close together in a stunning place, it has a magical feel to it with a water mine with spring water and a well with plenty of water all year around. It is not possible to build on these land plots at the moment

The magical one is flat at the bottom with stunning oak trees for shade and easy to park. It goes up a hill where at the top is a good dirt track with views all over the hills. This plot is 7231m²

The other one is close by and on the same side as the one above with only a small strip of land in between that does not belong. This plot would be an excellent plot for animals or fire wood. The size of this one is a little bit smaller, 5274m²

These plots are for sale for €17.500 but they can also be sold separately with a price to be discussed.

The area feels very private but with a good access road to the plots and easy access to either the town Pedrogao Grande or Figueiro dos Vinhos

Both these towns offers vegetable and fruit markets, charming villages, schools, cafes, doctor's and plenty of river beaches all around.

Lisbon and Porto is around a 2 hour drive away and Coimbra, Portugal's third biggest town is around 40 minutes away.
