This plot is located right in the center of the small Town of Ferreira do Zêzere, where you can find everything you need for your day to day life, such as schools, health centre, supermarkets, banks, restaurants, etc. As well as easy and fast road connections to all directions in Portugal.

The plot is very well located, right in the center of the village, with excellent access and sun exposure, and in the future will allow excellent views around, as well as great convenience in accessing and travelling/walking within the village, without the need to use your own car or other local means of transport.

The village of Ferreira do Zêzere is very beautiful and attractive, the blue lake, on the Zêzere River, is about 7km away, as is the historic village of Dornes, the historic city of Tomar, is about 15km away. This entire area is served by excellent communication routes, highways, etc. The local economy grows steadily year after year, creating more and more jobs and an excellent standard/quality of life. We believe it is safe and appropriate to invest in this region.

The plot has a total area of 742m² and allows for a gross construction area of around 2,228m².

This is undoubtedly an excellent investment opportunity for a promoter, with a vision of the future, with excellent chances of a good financial return.
